## **Math Curriculum Specialist, Grades 6-12 (Remote)**

### **About the Role**

DeltaMath owns and operates [deltamath.com](http://deltamath.com), one of the world's largest online math learning products, with over 7 million active student users. Our aim is to offer a just-right balance of conceptual understanding, procedural fluency, and rigor on the road to mastery, all while prizing teacher/learner choice and control.

We are currently looking for a dynamic self-starter to serve in the role of Math Curriculum Specialist, Grades 6-12. Said individual will help organize and tag content, align content to standards, and design/build out courses and (potentially) diagnostics — all in the aims of enhancing our product and further distinguishing ourselves as a leader in quality online math education.

### **What You'll Be Doing**

- Investigating/cataloguing/responding to bug reports for existing problem modules.
- Bug testing new problem modules.
- Analyzing existing modules/data for potential improvement.
- Building DeltaMath “courses” for independent learners.
- Creating a database and descriptions of DeltaMath content, with tags for improved search functionality.
- Building and maintaining our alignments to state standards (50 states + DC and Canada).
- Developing diagnostics and growth trackers.
- Providing customer support/virtual PD sessions.

### **What We Are Looking For**

- Minimum 5 years in education, educational publishing, Ed Tech, or related fields.
- Experience as a math curriculum specialist, either at the district level or in private industry.
- Experience mapping out course units and course progressions.
- Deep understanding of secondary math content and pedagogy, from 6th grade through AP Calculus and AP Stats.
- Experience in aligning content to state standards (for at least one state, ideally more).
- Experience designing and working with predictive diagnostics.
- Comfort working across multiple tech and communications platforms / in a remote work environment (MS Office, Google Docs/Forms, et cetera).

### **Salary/Benefits**

- Competitive salary based on experience.
